"May we assure you of our high standards within the concrete resurfacing industry."

7 Year Guarantee and sale conditions.

This agreement is between: - The **Customer** as per signature and the independent owner **Operator**, noted on front page.
A sales estimator may be engaged by the Operator, however all final payments, guarantees, disputes etc to the noted Operator.

This 7 year Guarantee is secured from both Operator and Supplier. Preparation and application is covered by Operator Guarantee (O.G.) Material quality is covered by the Supplier Guarantee (S.G.) Chart below and clause 29) identifies issue and guarantee holder.

7-year guarantee commences 21 days after job completion. This time period is required for the new coating / treatment to fully cure and reach full strength. Claims within this period will not be acknowledged.

- 1) Guarantee covers faulty works area only, within Operators limit of liability as noted on liability chart. Any repairs shall be returned to an industry standard condition. Extra fees may apply for surrounding works.
- 2) Existing concrete can have a range of pre-existing, unpredictable failures, know as Substrate Failure (SF) Also as noted, suppliers guarantee their materials. The liability chart below will help identify between them.
- 3) Commercial applications are determined by the Operator and carry half the time period offered by operator and / or material supplier. Clause 29)
- 4) Commencement and completion dates may vary due to: - Customers, Operators, weather, equipment, materials, access or any other issues etc.
- 5) An extra fee may be charged for non-quoted, excessive removal of furniture, plants, vehicles, equipment, lawn edging, fencing, doors etc.
- 6) Customer anytime cancellation, attracts fee of operator's loss. Operator anytime cancellation, voids any contract terms or job liability.
- 7) Any extra works required outside this agreement by Customer. Shall be forwarded in writing and charged accordingly.
- 8) If access to site, power, water etc, or water drainage is unexpectedly not readily available on site. An extra hire or access fee shall apply.
- 9) Colours chosen from brochures are not guaranteed for exact matching due to supplier's range changes and/or printing process, also concrete variables. Material suppliers brochure carry a similar notice warning. Resealing every 6 -24+ mts on average, is required to maintain colour.
- 10) If chosen colours, stencils or other materials are not available, or Customer makes a verbal request to change any of them. A similar alternative will be substituted and not affect contract sale conditions.
- 11) Coatings are applied by hand, therefore not a uniform factory style finish. No guarantee for uniformity over texture, colours, patterns or fleck/paint flakes matching for entire area, repairs, adjoining areas or to match samples boards. Every reasonable effort is made.
- 12) Delaying a progress payment, is consent to stop work until payment.
- 13) Spray on coatings by their very application nature, may have some over-spray and/or under-spray. All reasonable efforts are made to reduce these, but small amounts can be expected and un-noticed over time.
- 14) Any public liability insurance issues shall be covered by customer, to the extent of exhausting all possible avenues.

- 15) A camouflage of fleck, paint flakes or shading etc, is highly recommended to hide any dirt, scratches, algae, burns, cracks, insects, leaves etc. A separate cleaning and maintenance contract is available.
- 16) No guarantee against flora, fauna, acid, moisture, urine stains, some chemicals and UV rays. Unless Customer specified during quote and accepted extra commercial protection materials and associated fees.
- 17) Customer accepts responsibility and fees for any unforeseen contaminants, i.e.: - Asbestos, chemicals, plumbing, wiring, drainage, moisture, etc.
- 18) Contracts over \$2,000 will have negotiated progress payments with a maximum 10% held back at completion. Chart on front page.
- 19) If Customer engages a 2nd party to complete job or for any follow up work. Guarantee is voided and compensation may be due to Operator.
- 20) The Operator makes the final decisions over how to rectify a job problem to bring job to an acceptable industry standard.
- 21) A \$100 call out fee applies for any after work repair inspections that are not under the Operator Guarantee (OG). Such repairs may be quoted as a new and separate job. Any repairs under (OG) liability chart **X** are free.
- 22) Dispute resolution:- Applicant to notify Respondent in writing, within 7 days of dispute occurring. Outlining dispute with a suggested resolution limited to clauses within this contract. Respondent decides to accept or negotiate suggested resolution. If still unresolved, Applicant will invite Respondent to enter written negotiations. No response is prima facie evidence that Respondent agrees with the dispute and suggested resolution. Failing this process legal action may commence, with all communication shown to courts.
- 23) Any "independent or expert report" is considered baseless and lacking any genuine industry knowledge or credibility, unless author can prove 20+ years hands-on, paying customers experience, using a range of suppliers materials.
- 24) Customer agrees to pay all debt collection expenses including a 2% per month, compounding principal and interest fee.
- 25) Any unreasonable Customer harassment / abusive language / social media defamation etc will not be tolerated and will void any guarantee. Such Customer actions is acceptance of legal compensation and costs.
- 26) Customers final payment is acceptance that works are completed to in or out of contract expectations, voiding any after thought complaints.
- 27) Operator may assign or sub-contract all or part of this contract at any time before or during works without Customer knowledge or authority.
- 28) Most problems within the liability chart have a low risk and all can be fixed with Operators help. Substrate failure may attract extra charges.
- 29) Material guarantees vary between suppliers and job situation / usage / weathering etc. On average:- Spray Pave = 5 years: Sealers = 1 year: Epoxy = 2 years: 3D Stencils = 2 years: Treatments = 2 years. Full details of specific materials, plus Safety Data Sheets, on each suppliers web sites.

Repairs & Cracks			X	<p><i>“Congratulations on joining our national network of proud and satisfied Customers. To ensure the maximum lifetime from your new surface.”</i></p> <p>1) Keep all mats, pots, cars etc off new work for 4-5 days. No walking 1-2 days. 2) Household stains are removed with mild cleaners, broom agitation and water. 3) Due to the texture, garden blowers may be better suited than brooms. 4) Resealing is optional but advised every 2-4 years to maintain that new look. 5) Any cracks must be filled with silicon asap, to avoid water penetration. Failing so, voids this guarantee and could result in adjoining area peeling.</p>
