How does it work?

- No need for complicated and lengthy forms to fill out and waiting weeks for approval. 24 hour approval – 5-10 minute application form to complete;
- No need for personal security or 2 years business history – makes it possible for you to get started in a business even without equity like a house;
- “Rent to own” is an expense like fuel or electricity. Simple – 100% claimed as a tax deduction like any business expense.
- You own at the end of term – just pay \$1 and it’s all yours!
